

Anti-age Spot Face Cream SPF 50

Beskrivelse

Anti-age Spot Face Cream SPF 50+ er en vand- og svædfast ansigtssolcreme, der absorberes hurtigt og føles let på huden. Boostet med Age-Block teknologi, der forhindrer og minimerer forekomsten af fine linjer, rynker og pigmentpletter forårsaget af solen.

Supreme solbeskyttelse (UVB+UVA+VL+IRA)

Pigment spot prevention

Age Block-teknologi

Let konsistens

Anti-Age

Anti-Spot ansigtssolcreme med SPF 50 er boostet med den innovative Age Blockteknologi, der forhindrer og minimerer forekomsten af fine linjer, rynker og pigmentpletter forårsaget af soleksponering. Det giver også antioxidantbeskyttelse takket være vitamin E. Til alle hudtyper.

Anvendelse

Påføres på ansigt, hals og décolleté 20 minutter før soleksponering.
